Search help

Exact match supported for author search results

You can perform an exact author search by enclosing the name (first and/or last) of the author in quotation marks.

Boolean operators

The Boolean operators AND, OR, and NOT can be applied to search terms.

AND (also + or &)

Use AND to search for documents containing two or more terms. For example, the following query returns documents containing both cat and dog:

cat AND dog

The AND operator is applied by default; for example cat AND dog produces the same results as cat dog.

OR

Use OR to search for documents containing at least one of two or more terms. For example, the following query returns documents containing cat, documents containing dog, and documents containing cat and dog:

cat OR dog

NOT

Use NOT to search for documents that do not contain a given term. For example, the following query returns documents containing cat but not containing dog:

Search Filters

Abstract

This article analyses Alina Reyes' *La Settima Notte* (2004) through the philosophy and ethics of Luce Irigaray's *The Way of Love* (2002) and Rosi Braidotti's most recent work. Reyes' novel is compared and contrasted to the beginning of *Genesis*. The aim of the article is to show how a new ethics of nomadism and of female desire is being expressed both in philosophy and fiction, and this can be taken as a feminist ethics that refuses to see heterosexuality as 'sleeping with the enemy'. This is

Trending Research

- The articles with highest views are featured on the home page.

The screenshot displays the Taylor & Francis Online homepage. At the top, a blue header contains the Taylor & Francis Online logo, navigation links (Log in, Register, Cart), and a notice about free access to COVID-19 related research. Below the header, a large banner features a virus-like graphic and the text 'Search peer-reviewed journals and articles'. A search bar with the placeholder 'Enter keywords, authors, DOI, ORCID etc' and an 'Advanced search' link is present. Below the banner, a section titled 'Trending research' (highlighted with a red box) displays four article cards. Each card includes the article title, authors, date, and a circular view counter with a green checkmark indicating availability.
